POLI'S STOCK COMPANY HAS ITS PREMIERE

A Splendid Company Throughout Presents Clyde Fitch's "Her Own Way" in Faultless Fashion to big Houses.

Review: Poli's summer stock company made a splendid impression yesterday in the initial performances of the season, presenting Clyde Fitch's stirring drama "Her Own Way," Although a "first performance" is sometimes expected to be a bit crude the production was given with a finish and a sweep and go that took hold of the audience immediately and held everyone closely attentive throughout the four acts. The company showed way above the standard of stock aggregations and is popularly voted the finest stock east ever presented in the bis-

tions and is popularly voted the linest stock cast ever presented in the his-tory of Poll's theatre here.

Miss Alice Fleming in the role of Georgiana Carley, the role created by Maxine Elliott, was clever and artis-tic and evinced a thorough under-standing of her part. The leading woman was never seen to better advant-

woman was never seen to better advantage in this city than as Georgiana Carley. The part gives Miss Fleming wide latitude for her magnificent emotional abilities and her deep dramatic instinct. The audience accorded her a splendid reception.

Mr. John Ince, the new leading man, was eminently satisfactory in the role of Lieut. Dick Coleman. His splendid physique coupled with his magnetic personality and his rare talent as an actor won for him the genuine admiration of every auditor. Henry Duggan as Sam Coast, the millionaire stock broker, presented a fine performance. Mr. Duggan demonstrated his ability to handle much more difficult ability to handle much more difficult parts. One of the most popular mem-mers of the cast proved to be J. Hammond Dailey, the juvenile who outdid himself in the role of Steve Carley, the speculator. Miss Jessie Pringle, as Georgiana's stepmother, showed she has lost neither her ability as a charcter actress nor her great popularity in Bridgeport.
Patty Allison, a charming Southern

Patty Allison, a charming Southern girl, who is the ingenue of the company, had the part of Bella Shindle, the hair-dresser. While this is really a character part Miss Allison portrayed it so cleverly that she was received with marked enthusiasm. Miss Rose Tiffany as Mrs. Stephen Carley, was clever and natural. While the other members of the company, Thomas Williams and Emile Collins, had small parts, they showed that had small parts, they showed that they have the talent to cope with the larger things that will fall to their lot during the season.

A feature of the cast was four chil-

dren, Jeanette Hackett, Stephen and Rosella Esposit, and Stephen Davis, ranging in age from seven to eleven years, and who appeared in the nurs-ery scene with such ability that they brought down the house.

brought down the house.

The production was faultiessly staged, an amount of special scenic effects being used to good advantage.

During the intermission pictorial songs were given by Alf. J. King, a pleasing baritone, and Miss Dickson, a Keith soprano. A fine motion picture series was also given.

How to Feed Dogs. In an article in the Animals' Friend

C. Leighton discusses the home treatment of dogs, the various forms of distemper and their special treatment. To improper food as well as excess in eating he attributes the chief cause of this malady. "A little bread and milk or a plain biscuit should alone constitute his diet, and no alarm need be felt if ouse, located at 1019 Main street, is the dog refuses to eat. His appetite celebrating its last few days at this will return with his health." He adds that bones are distinctly "harmful and frequently fatal, since they loosen the teeth, give them a taste for meat, which puts them off their proper food, and if a splinter is swallowed it frequently becomes impaled in the lungs or intestines or causes stoppage, when their doom is sealed and the poor brutes die."
